AAPC Announcements

AAPC ICD-10 MAINTANANCE REQUIREMENT

To ensure employers' continued confidence in a credential holder's ability to accurately code for current code sets, and to reinforce the high standards set by AAPC certifications, AAPC members holding the CPC, COC, CPC-P, CPC-I, CRC, CPMA, or a coding specialty excluding CIRCC must demonstrate proficiency in the ICD-10-CM code set. This requirement must be fulfilled by December 31, 2015 or certified members will lose their certification. Learn more about this requirement at aapc.com/icd-10/proficiency-requirements.html.

FREE WEBINAR: SUCCESSES AND CHALLENGES OF ICD-10

Join AAPC's Vice President of ICD-10 Training and Education, Rhonda Buckholtz, on Oct 15 in a free webinar discussing the successes and challenges of ICD-10 implementation. This webinar will give you the information you need to streamline your processes and prepare for obstacles. Register today at aapc.com.
